10:45-11:30 : ACP physics (cont)

11:30-12:30 : Presentation,

Robert De Ruyter, Professor of Physics, Indiana University

"The physicist and the fly:

Biophysics research in the IU Physics Department"

12:30-1:30 : Lunch

1:30- : 2003-2004 site visits, 2004-2005 plans

Additional Info:

Parking: If you are staying overnight at the Indiana Memorial Union, your parking is free. If you are arriving the morning of the seminar, you will park in the Indiana Memorial Union parking lot. Make sure that you request a parking pass or coupon on your registration form. A parking coupon will be distributed at the seminar. At the end of the seminar, when you leave the lot, present the coupon along with the parking ticket to the lot attendant.

Meeting Room: The Redbud Room is located on the Mezzanine Level of the Indiana Memorial Union (IMU). From the elevator, turn left and continue on until you come to the hall that bears right. The tree suite rooms open onto this hall and each is labeled on the wall beside its door.

What you can expect: developments in the IUB Physics Department, opportunities to discuss common concerns in teaching the ACP course, share learning resources and materials, and network with IU faculty and colleagues.
